HAPPENING IN SEAD

A brand new event is starting in SEAD from 3rd of February that we are calling: **HAPPENING**.

This is a **platform for artists and art students** and others who love art to improvise with ideas together and see where it takes you. We start with a talk as a starting point to get us moving in a direction... We **share the space improvising on the ideas presented with music, movement, voice, theatre** etc. We, then take a break and talk to reorganize how we want to work together for that evening, we call this: **JOINing UP**. Maybe you have seen or heard someone working in the room that you would like to join up with, and this would be the time that you ask them to work together for the rest of the evening.

HAPPENING is a gathering of multidisciplinary artists (dancers, actors, musicians, photographers, visual artists, painters, designers, writers, etc.) together once a month in the studios of SEAD for 3 hours. Each HAPPENING will have a theme which frames the evening, one which invites you play with an idea while meeting new artists in various artistic disciplines. HAPPENING is a **creative get together** which will be **led** on the first date **by Felipe Salazar and Ceren Oran**. You just need to show up and be open to play with their propositions. It is for anybody who would like to share the space with their art form. Bring your mind, your body, your instrument, your soul and your good vibes to come together and to create.

The first HAPPENING theme will be **ELECTRIC!**

Date: **3rd of February Friday @ SEAD from 8 to 11 p.m.**
